## Chemistry

	Level 10	Level 11	Level 12
Question 1	1c. Oxidation reactions – burning materials,	1c. Oxidation reactions – burning materials,	1c. Oxidation reactions – burning materials,
Question 2	1e. Formation of acid rain and greenhouse effect,	1e. Formation of acid rain and greenhouse effect,	5. Acids and bases
Question 3	2a-d. Quantitative relations in chemistry,	2a-d. Quantitative relations in chemistry,	6. Oxidation and reduction,
Question 4	4a-e. Bonding and structure	5. Acids and bases	10-12. Organic chemistry
Question 5	4a-e. Bonding and structure	6. Oxidation and reduction,	10-12. Organic chemistry
