

# THE 27<sup>th</sup> International Science Olympiad for Young Mathematicians, Physicists and Chemists

Chemistry			
	Level 10	Level 11	Level 12
<b>Question 1</b>	1c. Oxidation reactions – burning materials,	1c. Oxidation reactions – burning materials,	1c. Oxidation reactions – burning materials,
<b>Question 2</b>	1e. Formation of acid rain and greenhouse effect,	1e. Formation of acid rain and greenhouse effect,	5. Acids and bases
<b>Question 3</b>	2a-d. Quantitative relations in chemistry,	2a-d. Quantitative relations in chemistry,	6. Oxidation and reduction,
<b>Question 4</b>	4a-e. Bonding and structure	5. Acids and bases	10-12. Organic chemistry
<b>Question 5</b>	4a-e. Bonding and structure	6. Oxidation and reduction,	10-12. Organic chemistry
